This module was Board-approved and DHMH Secretary-approved to meet the CME requirements for dispensing permits.

This interactive, web-based module details the step-by-step processes for dispensing, labeling, and documentation as required by Maryland law. Good dispensing practices are illustrated. The module aids the learner to track workflow from medication preparation before dispensing, through dispensing, and post-dispensing record keeping.

Other modules in this series include:
- Physician Dispensing: An Overview of Maryland Law and Regulation
- Controlled Substances and Inventory: Issues for Maryland’s Dispensing Physicians
- Counseling Patients at the Point of Dispensing: Requirements & Best Practices
- Physician Dispensing: Optimizing Patient Use of Inhalers and Other Respiratory Devices

Dispensing, Labeling and Documentation for Maryland Physicians is sponsored by MedChi, The Maryland State Medical Society.

Learning Objectives:
At the end of this course, the physician participant should be able to:
1. Correctly sequence 6 steps of the dispensing workflow;
2. Accurately describe 3 good dispensing practices; and
3. Correctly identify the 5 components that are required on the label of any prescription being dispensed.

Successful completion requires the learner to complete all practice based activity components including the audiovisual presentations, post-test, and Activity Evaluation. Participants must receive a score of at least 70% on the post-test in order to receive credit. The post-test may be taken up to three (3) times.

Disclosure and Transparency in CME/CPD:
It is MedChi’s policy to ensure the independence, transparency, balance, objectivity, scientific rigor and integrity, as well as validation of content for all CME/CPD activities we accredit. To that end, faculty must disclose to the participants any relationships with companies identified as meeting the ACCME definition of a commercial interest. In the process of the disclosure process, all faculty and planners have disclosed the presences or absence of such relationships to MedChi. MedChi has identified, evaluated and where appropriate, attempted to resolve any potential conflicts of interest. This is done through the use of content validation, the use of evidence-based data, and multi-disciplinary peer review. The information provided as disclosure to the learner, is to inform the learner and aide in judgment, not to imply that disclosed relationships will have a negative effect on a presentation.

Accreditation Statement:
This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of MedChi, The Maryland State Medical Society, and The University of Maryland School of Pharmacy. MedChi is accredited by the ACCME to provide continuing medical education for physicians.
